

# FSA Math Test Prep for 3rd graders

Fern Smith's Classroom Ideas

Thursdays

January 23  
January 30  
February 6  
February 13  
February 20  
February 27

Does your child need extra practice to be ready for **FSA Math**? This class is a perfect place to review skills and concepts necessary to be successful during the test. The students will use practical skills activities, math games, projects, and rallies to reinforce math facts knowledge, problem solving, analytical thinking, and quantitative reasoning.

Highlight concepts of the class:

- rounding
- order of operations
- properties of multiplication
  - word problems
  - measurement
  - elapsed time
- money and budgeting
  - fractions

Cost is \$85 for 6 weeks

Maximum number of students is 30
