Come learn how to create one-of-a-kind artwork using edible mediums from a real Food Network star! Students will learn to create healthy, fun art as well as the ever-popular sugar arts (cakes, cookies, cupcakes). In this class, it's actually encouraged to play with your food! The theme and focus will change for each quarter the enrichment is offered so students will continue to learn new techniques. The instructor, Melanie Judge, has been a cake decorator for 12 years. She is a Certified Master Sugar Artist and recently appeared on the first episode of The Food Network's new show Winner Cake All.
